

PREMIUMBEAT FOR SIMPLE MACHINES FORUMS

This Simple Machines Forums (Notably called SMF) application is designed to allow its users (a.k.a. WebMasters) the ability to play & share mp3 files both on the same domain (internal) and/or other domains (external).

Version 2.0+ will allow your users, where permission settings for specific membergroups are enabled, the ability to add mp3 files via url (internal and/or external) and upload/download mp3 files on/from the same server (internal).

This SMF package falls under the [Creative Commons - Attribution No Derivatives License \(by-nd\) 3.0](#). All author contributions noted below fall under their own respected licenses. The above noted license allows such conditions, please click on its link for specifics.
